# Corning<sup>®</sup> Gosselin<sup>™</sup> Containers

Choose from a range of containers dedicated to sample collection and sample storage across different applications.

Depending on your needs, the different cap types, product shapes, and colors will allow you to efficiently collect, store, and identify your samples.

## **Key Features**

- Cap type and product shape to fit sample collection needs
- Colored caps to easily identify the samples
- Packaging perfectly adapted to the user's needs: single bag, packing of containers into boxes, screw-capped containers wrapped on trays.
- ▶ Raw materials of containers are food contact grade (comply with 1935/2004/EC and 10/2011/EC)\*

\*Corning suppliers guarantee the quality of their raw materials through a certificate of compliance. However, the finished products have not been validated for food contact applications. They are designed for laboratory applications only.

### **Ordering Information**

Products may not be available in all markets.
